community groups

CORPORATE:

Corporate contracts via
our partnership with M&C
Consulting company

INSTITUTIONAL:

Receiving institutional & grant
funding from nonprofit, military
veteran, & church entities

MEDIA COVERAGE:

CBS "Health experts have said friends and family are key to getting those who aren't vaccinated vaccinated, and experts say this app will start those conversations."

abc "From free food, to paid-time off, to free college scholarships, there are a lot of rewards out there, but they can be hard to find. Which is why some New York residents have come up with an app to help. ...Another benefit to the app is the conversation it starts about getting vaccinated."

abc FOX "The Vaccination Rewards app was created by Bright Mind Enrichment. It compiles hundreds of vaccine incentives into one area and makes it easy to share the rewards with those who may be hesitant to get the vaccine."

AFR "Bright Mind Enrichment and Schooling (BME), a community wellness education organization, determined that there was a need for a comprehensive platform to educate people about how they can safely help homeless people on a regular basis and forge meaningful connections with them." -Afro (Oldest African American family-owned newspaper; Maryland)

POLITICO "The Vaccination Rewards app compiles hundreds of vaccine incentives in one place, ranging upwards from a free donut."

Newsweek "For anyone needing help finding out the incentives offered by their state and local officials, as well as from colleges and businesses, there's now an app to help track what's available nearby. The Vaccination Rewards app was created by Bright Mind Enrichment, and it aggregates hundreds of vaccine incentives from all over the U.S. The app also allows users to share the reward information for unvaccinated people they may know."
